B

The diagram illustrates a cross-section of a structure, possibly a road or a channel, with a horizontal top surface and a sloped bottom surface. The top surface is divided into 12 vertical segments by 11 vertical lines. The bottom surface is a straight line sloping upwards from left to right. A horizontal scale bar at the top is labeled 0 to 6. A vertical line on the left is labeled 6. A vertical line on the right is labeled 4.

Segment	Top Surface (m)	Bottom Surface (m)
1	0.0	0.0
2	0.8	0.1
3	1.6	0.2
4	2.4	0.3
5	3.2	0.4
6	4.0	0.5
7	4.8	0.6
8	5.6	0.7
9	6.4	0.8
10	7.2	0.9
11	8.0	1.0
12	8.8	1.1

The diagram illustrates a cross-section of a structure, possibly a road or a channel, with a horizontal top surface and a sloped bottom surface. The top surface is divided into segments by vertical lines. A horizontal scale bar at the top is labeled 0 to 6. A vertical line on the left is labeled 6. A vertical line on the right is labeled 4.

Segment	Start	End	Height
1	0	1	6
2	1	2	6
3	2	3	6
4	3	4	6
5	4	5	6
6	5	6	6

The diagram illustrates a cross-section of a structure, possibly a dam or a retaining wall, with a horizontal top surface and a sloped bottom surface. The top surface is divided into 12 vertical segments by 11 vertical lines. The bottom surface is a straight line sloping upwards from left to right. A horizontal axis at the top is labeled with numbers 0 through 6. A vertical axis on the left is labeled with the number 6. A vertical axis on the right is labeled with the number 4.

Segment	Top Surface (m)	Bottom Surface (m)
1	0.0	0.0
2	0.5	0.1
3	1.0	0.2
4	1.5	0.3
5	2.0	0.4
6	2.5	0.5
7	3.0	0.6
8	3.5	0.7
9	4.0	0.8
10	4.5	0.9
11	5.0	1.0
12	5.5	1.1

The diagram illustrates a rectangular prism divided into 12 vertical columns. The columns are arranged in a row, and their heights vary, creating a stepped profile. A horizontal scale bar at the top is marked from 0 to 6. The number '6' is at the top left, and the number '4' is at the bottom right.

Column Index	Column Height (approx. units)
1	1.5
2	2.5
3	3.5
4	4.5
5	5.5
6	6.5
7	5.5
8	4.5
9	3.5
10	2.5
11	1.5
12	0.5

11	5.0	1.0
12	5.5	1.1

The diagram illustrates a cross-section of a geological or structural feature. A horizontal scale bar at the top is marked from 0 to 6. A vertical scale bar on the left is marked with 6 at the top and 4 at the bottom. The structure is divided into vertical columns of varying widths, with the bottom layer sloping upwards from left to right.
