“Welcome to the San Francisco Model Yacht Club!”

Welcome to the San Francisco Model Yacht Club and thank you for your interest in us. We are the oldest model boating organization in the New World, founded for boat modelers in the late 1890’s by model builders and model yacht racing enthusiasts to provide both an organization and a facility, Spreckels Lake, to promote, preserve and foster the arts, science and sport of building and racing model boats of all types.

Joining with us in the fun is easy!

Just fill out the membership application on the inside of this brochure and either bring it to a meeting or mail it with a check or money order for the requisite membership dues and (if required) the initiation fee for new members to the address listed on the back of the brochure.

Let Us Introduce Ourselves!

We are the San Francisco Model Yacht Club, the oldest Model Boating organization in the Western Hemisphere, dedicated to fostering, preserving and passing on the arts, sport and passion of building, sailing and racing boat models.

Home ported on historic Spreckels Lake in Golden Gate Park.

Contact Us By Dropping by Spreckels Lake almost any Saturday or Sunday or on the web at WWW.SFMYC.ORG

When we receive a new application for membership, if possible, the Club typically would like to have you come to a meeting to introduce yourself.

Meetings are held in the Clubhouse located on 36th Avenue across from the western end of Spreckels Lake in The Park, to discuss business, share information and foster member camaraderie.

If you do not think you can make it to a meeting in the near future we ask that you include a description of yourself, any other members that you happen to know, and your interest in model boating and the Club. We can then share your story with the other Club members.

We will not deposit your check until you are confirmed as a member of the Club.

Please note that boat storage, boat leases and keys to the Club house are not given upon initial Club membership and are given out based on availability and need.
