

## 2014 Ike and Kiwi pre-entry

For the Ike and Kiwi we are offering pre-entry by email this year. All payment of entry fees should be made on the field. You can enter on the field and there is no financial penalty for on the field entry, although it might take a little longer.

In addition to help you plan what events you want to fly in we have listed the events by day and separated the FAI events from the AMA and NFFS ones. So what you do is put your name, country and license (AMA) number in the place below, then delete all the lines of the events you do not want to enter and send it back as a reply to SEN. The parts you send start with the Start of Ike/Kiwi entry form line and end with the End of entry form line. Below after the blank entry for there is an example of a filled out entry form for someone entering F1B, Mc Cready HLG, F1G and SAM Compressed Air
